## 'Everyday Heroes' Memorial

During Covid, local group Team Imagineers created a beautiful project, with the help of local craftspeople, to carry messages of remembrance for lost loved ones and gratitude to the NHS. One of those involved was Sutton College Ceramics tutor Fay De Winter who created 80 porcelain hearts for the project.

The mural is made up of three aluminium heart shaped panels along the brick wall, filled with the handmade ceramic hearts and has been named the 'Everyday Heroes' memorial.

This beautiful project can be seen in the Dr George Rice Community Garden on Gibson Road opposite the Sutton Civic Offices car park. For more information on the developments in this community garden or to get involved, contact [jeff@suttonfx.com](mailto:jeff@suttonfx.com)
