Photography Competition

Congratulations to photography student Kim Woolford, winner of our recent competition to capture British Nature. Kim's winning photo and all the shortlisted entries are currently on display at Sutton College.

Art & Craft Exhibition

The end of term saw a fantastic celebration of art and craft work from our students at the end of year exhibition in Sutton library. Many hours of hard work, talent and guidance from tutors went in to creating the pieces on display last month and here are just a few of the pieces that visitors were able to view.

The exhibition is held annually and all art & craft classes are invited to enter work into the exhibition.
